

BEYAZ KONAK

AN

AJWA
HOME

The first in a series of luxurious traditional houses in the Old City of Istanbul

BEYAZ KONAK

Literally meaning "white mansion", this three storey, four bedroom classical Turkish house with generous living quarters has been refurbished to perfection, presenting a magnificent alternative for short or long stays in the heart of Istanbul's historical peninsula. A brand new addition to Ajwa Hotel Sultanahmet, Beyaz Konak offers visitors a genuinely rich experience of a home out of the pages of history, coupled with all the amenities and services of a present day five-star hotel.

LOCATION

Beyaz Konak is located within the fabled Old City of Istanbul, a UNESCO World Heritage Site, at a walking distance to all the major mosques, museums and bazaars. Its unique setting allows guests to experience layers of history within easy reach and to delve into the splendors of Byzantine and Ottoman eras. It is in close proximity to Kucuk Ayasofya Mosque and the newly opened municipal Cundi Park.

SERVICE CONCEPT

The house is available for short or long term stays. Guests have the option to request all housekeeping and maintenance services from nearby Ajwa Hotel Sultanahmet, as well as a dedicated chef to prepare meals, a la carte, on the premises. All such services can be arranged according to length of stay and specific requirements of the guests. Although Beyaz Konak will be available on all reservation channels as any other hotel property, long term stay may be subject to a separate rate structure and rental Agreement.
